

Avante Wildcat 750

Patient Warmer

Lightweight, space-saving and intuitive patient warmer

Weighing in at less than 10 pounds, the Avante Wildcat 750 Patient Warmer is an ideal, space-saving unit for small veterinary facilities or transport situations. Using the intuitive interface with its digital display panel, clinicians can easily press the one-touch temperature settings to start efficient and accurate warming. Premium safety features, including visual alarms, an on-board hour meter and a built-in 0.2-micron air filter help to ensure that the Wildcat 750 Patient Warmer system will operate when you need it.

FEATURES

- Compact unit delivers powerful, accurate warming while taking up minimal workspace in your facility.
- Main unit weighs less than 10 pounds, making it ideal for transport and mobile warming.
- Easy-to-use interface designed for quick setup and efficient operation.
- Temperature sensing at the hose-end helps to deliver accurate air temperature every time.
- Four standard one-touch temperature selections: Ambient, 32°, 38°, 43°.
- Temperature settings are shown on large, crisp digital display.
- Comes standard with high-efficiency 0.2 micron air filter to ensure clean air delivery.
- Visual alarms sound in the event of temperature malfunction or disconnect.
- On-board hour meter keeps track of how long the unit has been used, a useful feature for planning routine maintenance.
- Quiet operation helps the unit to integrate seamlessly into any care environment.
- Includes a pole clamp and a rail holder on the back of the unit.

SPECIFICATIONS

Weight:
9.9 lbs (4.5 kg)

Height:
11.02 in (28 cm)

Depth:
8.66 in (22 cm)

Width:
8.66 in (22 cm)

Device Rating:
110-120 VAC, 60 Hz, 10 A
220-240 VAC, 50 Hz, 8 A

Relative Noise Level:
55 dBA

Filter:
0.2 µm High-efficiency Filter,
500-1000 hours

Standards:
IEC 60601-1,
IEC 60601-1-2,
IEC 60601-1-8,
IEC 80601-2-35
